# THE FEAST

Following cocktail hour, celebrations flow into one of two carefully considered dining experiences. Both are designed to feel generous & social. The choice simply comes down to how you want the evening to unfold.

## Canapés & Seated Mains

A classic wedding experience with a Wild Vine approach.

Guests are invited to take their seats at beautifully styled tables, where a seasonal menu curated by our in-house Chefs is served. Thoughtfully designed to bring people together, this option offers structure without formality, allowing time for speeches, conversation and an easy transition to the dance floor.

Perfect for couples who love the idea of shared tables, candlelight and a long, lingering dinner.

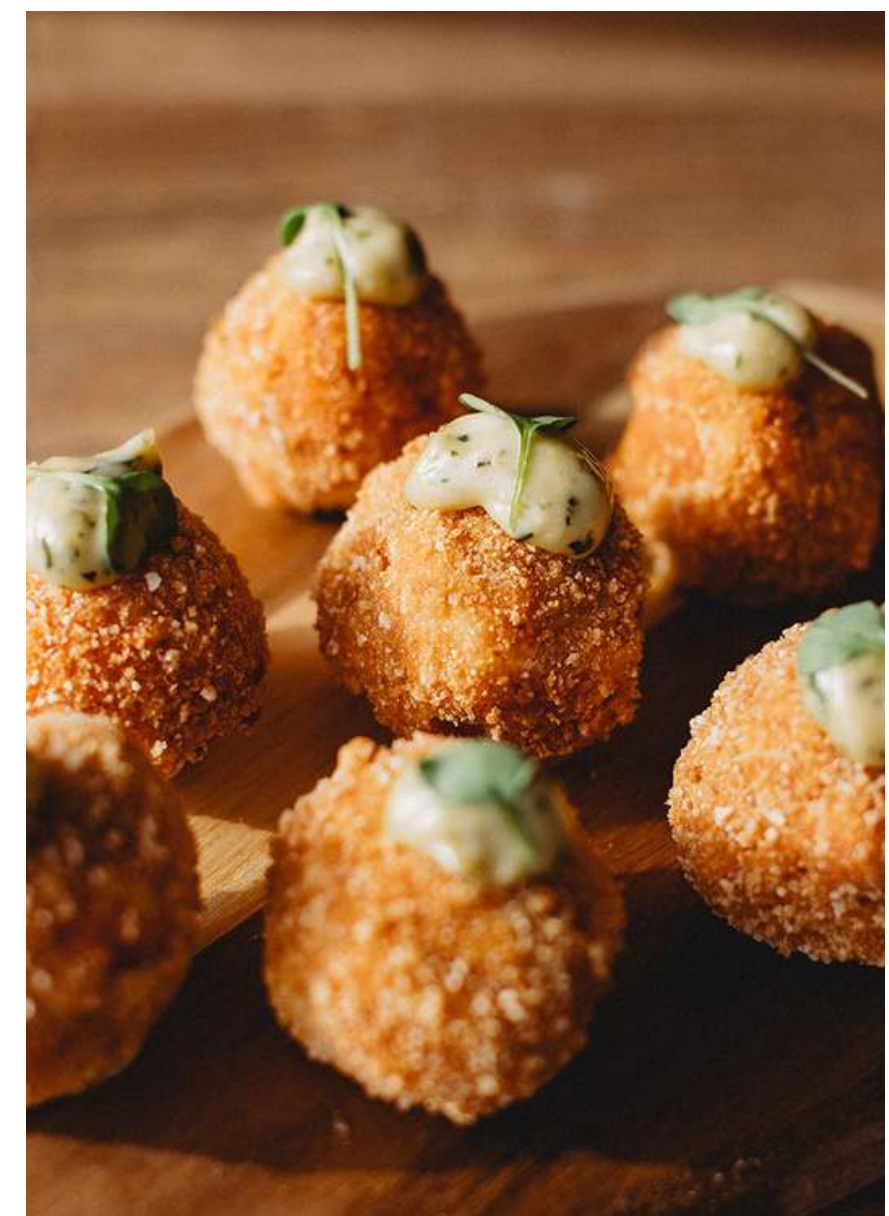

# THE FEAST CONT.

## Canapés & Walk+Fork

A vibrant, cocktail-style celebration made for mingling.

Guests continue to move freely between indoor and outdoor spaces while enjoying a generous selection of roaming substantial canapés. This option keeps the energy high and the atmosphere relaxed, encouraging conversation, and a dance floor that fills early and stays full.

Ideal for couples who want a social, free-flowing evening.

# THE DANCEFLOOR

MUSIC UP. LIGHTS LOW.  
JUST YOU, YOUR PEOPLE, AND THE DANCEFLOOR.

As the sun dips and the lights come on, the celebration shifts from dinner to dancefloor.

Music fills the space, glasses clink and the energy lifts. Our indoor reception hall and outdoor covered area are designed to keep the party flowing, with room to move, mingle, and dance the night away. From your first song as newlyweds to the final chorus of the night, this is where memories are made. Loud, joyful, and unapologetically fun.

Stay late. Dance harder. We'll take care of the rest.
